DETAILED ACTION

1. Receipt is acknowledged of Applicant's Preliminary Amendment, filed August 7, 2001.
2. Receipt is acknowledged of Applicant's Prior Art Statement, filed August 7, 2001.
3. Claims 1-51 are presented for examination.
4. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-46, and 50-51, drawn to an apparatus for polishing, classified in class 451, subclass 5.
 - II. Claims 47-49, drawn to a method of polishing, classified in class 451, subclass 41.
5. The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as process and apparatus for its practice. The inventions are distinct if it can be shown that either: (1) the process as claimed can be practiced by another materially different apparatus or by hand, or (2) the apparatus as claimed can be used to practice another and materially different process. (MPEP § 806.05(e)). In this case the apparatus as claimed may be used in performing another materially different process, such as one in which the scrubbing is performed as the final step of the method.
6. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Art Unit: 3723

7. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

8. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).used in us

9. Any inquiry concerning this communication should be directed to Robert Rose at telephone number (703) 308-1360.
